'Love is Green'

KAT FERGUSON

THE ORIGINS OF THIS COLLECTION BEGAN IN THE EARLY YEARS OF KAT FERGUSON'S ART PRACTICE.

A little over ten years ago, Kat created a multimedia piece titled 'Colourwave'. This multimedia artwork incorporated fabric, stitching, and printed paper.

The piece marked the beginning of her journey into an intuitive practice of translating emotions, thoughts, conversations, and experiences into abstract colour-based artworks.

Each piece in this collection originates from a meaningful experience or conversation, some expressed literally and others through more abstract forms.
