'Eclectic'

COLIN PUMPHREY
AND NOREEN CLAPP

Just like the whole wonderful art world, our subjects and styles in this **Eclectic** exhibition are diverse and reflecting our individual personalities.

Through both our art journeys, we have learned to appreciate and enjoy all types of art, while focusing in recent years on Plein-Air and urban sketching in the vast outdoors.

Within the delights and challenges we face in the studios and with onsite art, the results are a continual creative learning and triumphant life experience for us both.

Noreen Clapp

ARTIST STATEMENT

Noreen Clapp is an artist, urban sketcher, and visual diarist whose creative focus shifts with the scale of her work. She currently works primarily in watercolour and enjoys painting outdoors, drawing inspiration from the energy of her surroundings.

Urban sketching has helped shape her loose, expressive style and sharpen her time management. Over time her approach has evolved, she now often leaves parts of the page intentionally blank, adding a sense of mystery and the allure of the unfinished.

A keen travel sketcher, Noreen captures her journeys in illustrated travel diaries. Her latest work, *A Brush with the Valley*, features a collection of sketches from the region.
