TREASURED LANDSCAPES

2023

Painting is Jacinda's way to communicate the way in which she sees the world around us, our connection to the land, and a sense of place. Colour plays an integral part as it triggers emotions; integrating this with compositions found in nature, she tries to find a connection that brings us together, in a common way.

With a rich artistic career spanning over 25 years. Jacinda has immersed herself in various artistic communities, showcasing her works in both solo exhibitions across Australia and Internationally, and has also been the recipient of Art Awards and Art Residences.
